Notice of Online Public Engagement

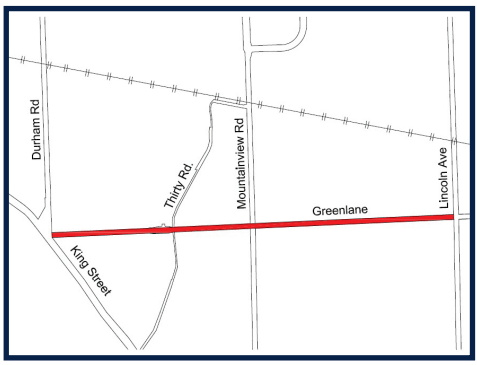

Greenlane Improvements with Multi-Use Trail

Project Description

The project involves widening and reconstructing the rural section of Greenlane from Lincoln Avenue to King Street. This portion of Greenlane has been identified for road improvements and links with the District School Board of Niagara's new West Niagara Secondary School on King Street. This road improvement will provide community connectivity and promote active transportation.

Proposed Construction Improvements

- Separate cycling and pedestrian facilities in an in-boulevard multi-use path
- Existing culverts will be extended and rehabilitated as necessary
- Streetlighting improvements
- Road widening
- New road surface
- Traffic calming measures
- Connectivity to the new West Niagara Secondary School and the Konkle Creek Trail

Online Public Engagement

The Town has arranged for online public engagement to allow residents and interested public members an opportunity to review the preliminary design and provide feedback. Project details and the initial design will be available for review on our public engagement site **SpeakUpLincoln.ca** beginning March 17, 2022.

Public consultation is an integral part of all Town of Lincoln projects, and the community is encouraged to submit comments through Speak Up Lincoln by April 7, 2022.

More Information

For more information on the project or if you would like to be added to the study mailing list, please contact:

Jemma Lynch, Project Manager – Capital Projects, Town of Lincoln at JLynch@lincoln.ca or 905-563-2799 ext. 264

Scott Kozub, P. Eng., Kerry T. Howe Engineering Ltd. at skozub@ktheng.ca or 905-688-6550 ext. 227

This notice was first issued on March 10, 2022.
