

Notice of Study Completion

Greenlane Road

Schedule C Municipal Class Environmental Assessment Study

About This Study

The Town of Lincoln has completed a Municipal Class Environmental Assessment (Class EA) study for improvements to Greenlane Road, between the west urban boundary limit (Konkle Creek Trail) and Bartlett Road. The proposed improvements for Greenlane Road address future multi-modal transportation needs along the corridor for all modes of transportation (pedestrians, cyclists, motorists) and users of all ages and abilities. The proposed improvements include:

- Widening of the right-of-way with a focus on a 'complete streets' approach
- A multi-use path along the south side and sidewalk along the north side to provide dedicated facilities for walking and cycling throughout the corridor
- Dedicated crossings for pedestrians, cyclists and other users throughout the corridor
- Greenlane Road & Ontario Street intersection modifications (to be confirmed by future Ontario Street EA)

The study was completed in accordance with 'Schedule C' requirements of the Municipal Class Environmental Assessment (October 2000, as amended 2023), which is an approved process under the Ontario Environmental Assessment Act.

Environmental Study Report

An Environmental Study Report has been prepared to document the study process, recommendations, and potential impacts and mitigation measures. By way of this notice, the Environmental Study Report is being placed on the public record for a 30-day review period starting on **November 24, 2025**, and ending on **December 24, 2025**.

The Environmental Study Report may be reviewed online on the project webpage at:
<https://speakuplincoln.ca/greenlane-phases2-3>

Please contact the Town of Lincoln Project Manager if you require accommodation to access the project information or online material.

During the review period, interested persons may provide written comments to the project team by **December 24, 2025**:

Walter Neubauer, C.E.T.
Manager, Capital Projects
Town of Lincoln
4800 South Service Road
Beamsville, ON L3J 1L3

400–3027 Harvester Road,
Burlington, ON L7N 3G7
Tel: 289-288-0287 ext. 6841
Email: david.hiatt@cima.ca

A request may be made to the Ministry of the Environment, Conservation and Parks under Section 16 of the Ontario Environmental Assessment Act asking the Minister to impose conditions of approval or to require an elevated level of study on the grounds that the order may prevent, mitigate, or remedy adverse impacts on constitutionally protected Aboriginal and treaty rights. Requests on other grounds will not be considered. Requests should specify what conditions, if any, the requestor is seeking, how an elevated level of study may prevent, mitigate, or remedy potential adverse impacts on Aboriginal and treaty rights, and any other information supporting the request. For more information and specific instructions, please visit: <https://www.ontario.ca/page/class-environmental-assessments-section-16-order>

This notice was first issued on November 14, 2025.
